

➤ SUMMARY

Creative, technical, design-savvy recent coding program graduate fluent in JavaScript, HTML, and CSS. Excited to blend professional experience with hands-on technical training in a junior-level software engineering role.

➤ SKILLS

PROGRAMMING LANGUAGES: JavaScript, React, Redux, HTML, CSS, Node.js, Express, Semantic UI, Sass, jQuery, Socket.IO, MySQL, JSON-Server, AWS-RDS, Git, Web-Deployment

SOFTWARE: Visual Studio Code, Mac iOS, Windows 7/8/10, Microsoft Office, Office 365, Google Drive

REMOTE WORK: Agile & Scrum Project Management, GitHub Version Control, Zoom video conferencing, Slack Messaging

➤ PROJECTS

JURN(EASE) VACATION PLANNING APP

Capstone Project for PunchCode.

Worked with a team remotely to plan, design, and build a vacation planning web application using GitHub for version control. Utilized JavaScript, React, Redux, HTML, Sass CSS to build the front-end with Express and MySQL for the back-end.

MUSTANG PHOTO ALBUM

Photo album using JavaScript with React and a MySQL database to present images tied to specific Mustang Models in their own folders. The code components can easily be used anywhere a photo album is needed.

RYAN'SLIST

Created a replica "Craigslist" website using JavaScript, React, and Redux on the front-end with Express and MySQL on the back-end.

SUPERMAN MEMORY GAME

A Superman memory game using JavaScript and jQuery to try to prevent Lex Luthor from taking over the world.

➤ EDUCATION

PunchCode

Full-Stack Web Developer Bootcamp

Intense 3 month full-time boot-camp program in which I learned to build complete web applications.

Jan. 2020 - Apr. 2020

Southern New Hampshire University

Associate in Science Information Technologies 2019

Courses include: Intro to Scripting, Applied Statistics for STEM, and Project Management in Info Tech

Jan. 2018 - Aug. 2019

➤ EMPLOYMENT

BREAKTHRU BEVERAGE

Merchandiser

Organized record keeping using Google Drive making them user friendly, easy to search, and easily accessed by several people at once.

North Las Vegas, NV

Sept. 2017 - Jan. 2020

GUARANTY BANK

Assistant Branch Manager

Boosted branch results by 9% by strengthening relationships with the client base and identifying sales and service solutions tailored to client needs.

Increased transparency for executive management by identifying trends and creating reports to monitor deviations from targets for improved account and employee management.

Sheboygan, WI

Jan. 2017 - May 2017

GENERAL BEVERAGE

Merchandising Department Manager

Developed mentoring program to create a culture of upward mobility within the company.

Steered daily operations and business development initiatives by successfully managing 12 fulltime merchandisers and 6 part-time merchandisers across 7 counties.

Facilitated a collaborative work environment where problems were managed immediately by having open lines of communication with entire team.

New Berlin, WI

Jan. 2004 - Sept. 2016
